

ENVIRONMENTAL POLICY STATEMENT

The Company will work towards being recognised as an environmentally friendly organisation.

We will comply with all Railway Group and Company Standards as well as other relevant current legislation and our client's contractual environmental requirements.

We will as a Company and as individuals at all times operate and behave as to minimise our effect on the environment by preventing pollution and specifically protecting the environment.

We recognise that sound environmental management is an attitude of mind and good practice and not just a legal and contractual requirement.

We will monitor the effectiveness of this Policy and take corrective action where necessary.

We will ensure that all the Companies employees are aware of the relationship between the Companies activities and the environment, Company Environment Management System and the part we all have to play.

This policy statement will be reviewed at least annually.

A handwritten signature in blue ink, appearing to read 'Adrian Pearson', is written over a horizontal line.
