

Health and Safety Policy Statement.

The Managing Director of AP Rail and Civil Engineering Limited considers their obligations in respect of safety, quality and environmental management to be of equal importance. Consequently they ensure that all reasonably practicable measures are implemented to ensure for the continuing health, safety and welfare of employees and other parties who may be affected by their operations and allocates the resources necessary to ensure full implementation of this policy. The Managing Director can affirm this commitment to continuous improvement. We will comply with all Construction and Railway Group Standards as well as other relevant current legislation and our client's contractual requirements. The commitment is given effect as set out and reinforced in the AP Rail and Civil Engineering Limited policies, which seek to:

Ensure compliance with relevant legislation

Provide measures of performance

Engage the full co-operation of clients and ensure specific client requirements are met e.g. for railway safety

Set measurable targets and objectives for improvement in safety, quality and environmental performance.

Encourage the co-operation of employees throughout the enterprise through consultation, training, personal example and the promotion of safety awareness.

The Director, Adrian Pearson is responsible for health and safety.

The SQE Consultant has the authority and responsibility to ensure that the system is implemented.

A copy of the policy is available to every employee on recruitment and is displayed on notice boards at work locations. The policy is reissued on substantial revision. The policy is reviewed at least annually and revised as often as may be appropriate.

A handwritten signature in black ink, appearing to read 'Adrian Pearson', is written over a faint horizontal line.

Adrian Pearson:
Managing Director

Date: 10th February 2011
